POSSIBLE LOCATION & DATE CHANGE FOR RECITAL 2022

Hello EOD Families,

Planning this year's recital in a way that makes it possible for your families and friends to attend in person has been challenging. At the beginning of the school year, local schools were not willing to rent their auditoriums due to the uncertainties of COVID. ArtsQuest has done everything it can to give us additional seating and a bigger stage. However, the ArtsQuest venue only allows us to provide a limited number of seats for an audience to enjoy the students' performance.

After spending many hours working with the ArtsQuest staff and running through multiple versions of the recital line up, I reached out to Nazareth Area High School to see if they would rent the auditorium to us again. Now that COVID cases are back down and the Nazareth graduation date has been set, Nazareth tentatively approved our use of the Auditorium for Saturday, June 11th. I say tentative because the school board must approve all rentals of the districts facilities at a board meeting which may not happen until next month.

If the venue and date change to Nazareth High School, I will be able to put together our traditional 2-part recital show where more families and friends can attend in person to see the student's year of progress and talent, live on stage. This will allow us to hold 2 recital shows in one full day, a matinee and evening show, with a much larger number of seats with excellent views of the stage.

Please keep both of May 22nd and June 11th open on your calendars until we can finalize an agreement with the Nazareth Area School District. I thank you for your patience and understanding and hope you support the studio either way the recital pans out for this year.

Sincerely,
Miss Tanya
